ABDI TEMESGEN TERFASA

COMPUTER ENGINEER

Objective:

I'm a third year at Marwadi University student majoring in computer engineering. I aggressively pursue projects in all facets of computer engineering with a commitment to ongoing learning and accumulating professional experience. I want to deepen my understanding, hone my talents, and close the gap between theory and practice by immersing myself in real-world initiatives. My educational experience is improved when I work alongside peers. Early professional experience is important for advancing one's career, and I understand this. In the dynamic field of computer engineering, I am intrigued about the prospects that lie ahead.

Skills:

- MS office
- Problem solving
- Basic Computer maintenance skills Hardware and software.
- Programming languages C/C++, java, Python, HTML, CSS JavaScript & R

Education:

- MARWADI UNIVERSITY
- Bachelor of Computer Engineering
